

Field Technician (Little Fire Ant Control) - Guam

Center for
Environmental |
Management
MILITARY LANDS

COLORADO STATE UNIVERSITY

POSITION

Two non-student hourly Field Technician (Little Fire Ant Control) positions are available with Colorado State University (CSU) Center for Environmental Management of Military Lands (CEMML). This is a full-time (40 hours/week) temporary appointment (not to exceed 9 months) and will be physically located in Guam. The majority of work will be conducted on US military bases. Military affiliation is **not** required to apply for this position.

ORGANIZATION

CEMML

CEMML is a research, education, and service unit within the Warner College of Natural Resources at Colorado State University (CSU). CEMML applies the latest and most appropriate science to promote the sustainable management of natural and cultural resources on Department of Defense (DoD) and other public lands. We provide technical support, conduct applied research, and offer career development and learning opportunities to support resource stewardship. We collaborate with our sponsors and within CSU to resolve complex environmental issues, leaving a legacy of science-based decisions that sustain our resources for future generations.

To learn more about CEMML's contributions to land management, our mission, vision, and values, visit <http://www.cemml.colostate.edu/>.

RESPONSIBILITIES

Two (2) Field Technicians will conduct vegetation clearing, transect cutting, ant population delineations and chemical control of invasive little fire ants (*Wasmannia auropunctata*) on military lands. The Field Technicians will also be responsible for operating power tools including bushcutters, chainsaws, and hedgers. Field Technicians will also be responsible for recording and entering field data. There will likely be opportunities to assist with other ecological tasks, including surveys for endangered species. Field Technicians are expected to carry out their tasks in a safe, conscientious manner with an emphasis on workplace safety, the proper use of pesticides, tools, and biosecurity. Successful candidates will be part of a dynamic team of field technicians directed by the field task leader and supervised by the project Entomologist.

These positions are temporary appointments. Possible extension of these positions depends on continued funding by project sponsors.

MINIMUM QUALIFICATIONS

- Must have a minimum of a high school diploma, GED or equivalent.
- Minimum of one (1) year of work experience with landscaping, agriculture, pest-control or natural resources. Experience needs to be well-documented and acquired under the employment of an academic institution, governmental agency, private company, or non-profit organization in the appropriate field.
- Must be capable of walking several consecutive miles while carrying gear and performing manual labor in a hot tropical environment on uneven terrain on most days.
- Must have experience conducting fieldwork and accurately recording and entering data.
- Ability to use compass, maps, smartphone applications, and GPS.

- The successful candidate must be legally authorized to work in the United States by the proposed start date. U.S. citizenship or employment authorization required. CEMML will not provide visa sponsorship for this position.
- Must have a valid driver's license and a clean driving record.
- Must be willing to submit for NACI background check to obtain a DoD Common Access Card.

DESIRABLE QUALIFICATIONS

- B.S. degree in biology, zoology, ecology, wildlife sciences, botany, agriculture, or a closely related science.
- More than two (2) years' work experience with landscaping, agriculture or natural resources.
- Experience implementing methods for control of little fire ants or other insect species.
- Experience working in Micronesia, Hawaii or other tropical Islands in the biological, natural resources, or agricultural fields.
- Experience working on a military installation and interacting with military staff.
- Familiarity with DOD/Navy environmental and safety regulations.
- Possession of Guam CORE pest control applicator's license. Equivalent license from other states acceptable.

SALARY

Hourly salary range \$17 to \$20/hour, commensurate with experience.

APPLICATION

Prospective candidates should send application materials to Ken Puliafico at ken.puliafico@colostate.edu and Abigail Arfman at aarfman@colostate.edu. This position is open until filled. A complete application consists of:

- 1) Cover letter
- 2) Resume
- 3) References – please include within your application contact information for 3 professional references including at least one supervisor. References will not be contacted without prior notification of candidates.

BACKGROUND CHECK

Colorado State University is committed to providing a safe and productive learning and living community. To achieve that goal, we conduct background investigations for all final candidates being considered for employment. Background checks may include, but are not limited to, criminal history, national sex offender search and motor vehicle history.

Beginning Monday, August 16, 2021, CSU has mandated vaccinations against COVID-19. Faculty and staff are required to submit their vaccine status or declare an exemption. More information about the vaccination mandate can be found on the CSU COVID-19 Information & Resources site at: <https://covid.colostate.edu/>.

Colorado State University is committed to providing an environment that is free from discrimination and harassment based on race, age, creed, color, religion, national origin or ancestry, sex, gender, disability, veteran status, genetic information, sexual orientation, gender identity/expression, or pregnancy in its employment, programs, services and activities, and admissions, and, in certain circumstances, marriage to a co-worker. The University will not discharge or in any other manner discriminate against employees or applicants because they have inquired about, discussed, or disclosed their own pay or the pay of another employee or applicant. Colorado State University is an equal opportunity and equal access institution and affirmative action employer fully committed to achieving a diverse workforce and complies with all Federal and Colorado State laws, regulations, and executive orders regarding non-discrimination and affirmative action. The Office of Equal Opportunity is located in 101 Student Services.
